

`_wrap_Lgm_QuatVecSub`

```
graph LR; A[_wrap_Lgm_QuatVecSub] --> B[Lgm_QuatVecSub]; A --> C[SWIG_Py_Void]
```

The diagram illustrates a central node, `_wrap_Lgm_QuatVecSub`, which is shaded gray and has a black border. Two blue arrows originate from the right side of this node. The top arrow points to a white node with a black border labeled `Lgm_QuatVecSub`. The bottom arrow points to another white node with a black border labeled `SWIG_Py_Void`.
